

3M 301+ Yellow Performance Masking Tape

Quick Reference Guide

Overview

An industrial strength tape that is great for paint masking and resists bleed-through. The strong adhesive ensures the tape sticks to a range of surfaces, including metal, rubber, glass and plastic.

As it removes easily and cleanly it is an ideal tape to use for painting as it creates those crisp paint lines every painter is after. This strong tape can hang plastic sheeting and resists solvents and water absorbed from paints.

3M 301+ Performance Tape has excellent conformability which allows for easy application to irregular surfaces.

Typical applications include:

- Masking for painting, hanging plastic sheets or applying adhesives.
- Bundling and holding cables, leads, wires, etc.
