

## Overview

Our Big Rib Rubber Matting is ideal for applications that require a hard wearing, non-slip mat. Made from SBR (Styrene Butadiene Rubber), this rubber mat has excellent abrasion resistance and resists wear.

This profiled rubber sheet is easy to cut and install. It can easily be bonded with most adhesives capable of bonding rubber. It is also very long lasting and exhibits good resistance to sunlight and UV.

Used for a variety of applications for anti-slip, surface protection or noise reduction including...

- Reducing noise and vibration in ute trays or the back of vans.
- Lining bridges or passageways.
- Factory floors.
- Garage floors.
- Workshops and bench tops.
- Ramps.

## Key Specifications

Temperature Resistance	90°C
Colour	Black
Polymer	SBR (Styrene-Butadiene Rubber)

## Cut Sheets and By the Metres Sizes.

The table below lists all our standard sizes of Wide Ribbed Rubber Sheet. To quickly find any on our website, just search for the SWM part number listed. Alternatively, browse the full range at [swiftsupplies.com.au/b-grade-engineering-felt-sheet](http://swiftsupplies.com.au/b-grade-engineering-felt-sheet)
