# Dismantling Tool No. 25

## Dismantling Tool No. 25

For stripping cables with a sheath thickness of up to 5 mm.

The cutting depth can be adjusted step by step from 0 to 5 mm.

The tool allows safe longitudinal and circular stripping of the outer cable sheath.

The cutting of the outside insulation is effected by slight lever movements and simultaneous pressing of the tooth system to the insulation.

<b>Art.-No.</b>	<b>mm</b>			$\varnothing > 25 \text{ mm}$
52000025	210	163		0 - 5,0 mm

Included in the scope of delivery is a plastic case.

Working with this tool is only permitted with potential free, not energized wires and conductions.

The specifications and recommendations given in this brochure must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications. BL/20900003/09/14/1000
