

Nylon Adhesive Cable Tie Mounts represent a simple, versatile and easy to use option for securing leads, wires and cables. By combining these with one of our cable ties, you've got an easy way to bundle and organise cables while also ensuring they stay in place and out of the way.

Available in two different sizes and colours, all variations of our adhesive cable tie mounts are manufactured from high quality 6/6 and feature preapplied foam double sided adhesive on their backs. This foam adhesive tape sticks to most materials and, being foam, is soft enough to allow good bonds on rougher or porous surfaces.

Technical Details

Property	Value
Adhesive Backed	Yes
Material	Nylon 6/6
Colour(s)	Natural / Black
Maximum Operating Temperature	85°C
Minimum Operating Temperature	-40°C
Minimum Installation Temperature	15°C
Maximum Cable Tie Width	19mm ² 4.8mm
	28mm ² 5.2mm

Storage

Store in normal conditions (21°C) and 50% relative humidity.
