

# Foam Cleaner Spray Quick Reference Guide

## Overview

Our Foam Cleaner Spray is a specially engineered cleaning agent for the food, beverage and pharmaceutical industries.

This versatile cleaning spray is quite effective at cleaning all kinds of soiling including greases, oils and dirt as well as fingerprint marks, soot, nicotine stains and the residue left from insects. It is also gentle on surfaces making it a good choice for cleaning more sensitive types of plastic, textiles and elastomers.

Foam Cleaner Spray is used for everything from cleaning scales and food line conveyor belts to cleaning touchscreens in retail shops, navigation equipment and view panels on machines. It is often used as an effective substitute for applications where acidic or alkaline detergents are not permitted due to their potential to degrade a surface.

## Key Specifications
