

# Heat Shrink Tube Kit - 130 Pieces

## Quick Reference Guide

### Overview

Perfect for hobbyists, tinkerers and DIY, our Thin Wall Heat Shrink Kit contains 130 pieces of various sizes and colours of heat shrink tubing. This industrial-grade heat shrink has a 2:1 shrink ratio and is flexible, reliable and easy to use.

All the pieces contained in this kit are 100mm in length. They are not glue or adhesive lined and are categorised as a thin wall grade of heat shrink sleeve.

Typical Applications include...

- Insulating and protecting cable & wire joins.
- Wire harnessing.
- Bundling cables and wires.
- Colour coding of wires, cables, leads and components.
- As a protective layer for underlying insulation.

### Key Specifications

Temperature Resistance	-55°C to +125°C
Dielectric Strength	> 20kV/mm
Dielectric Constant	3.0 Max
Tensile Strength	16 N/mm
Max. Elongation	300%
Water Absorption	0.15% Max.
Copper Corrosion	Good, ASTM D-2671B
Flammability	Pass, UL 2324-VW1

### 130 Piece Heat Shrink Kit Contents
