

Parts and Assembly Cleaner Spray

Quick Reference Guide

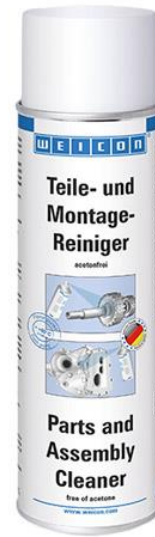

Overview

Our Parts and Assembly Cleaner Spray is a heavy-duty industrial cleaner for heavily soiled parts and surfaces. This powerful spray has an extended reaction time to breakdown thick grease, oil and gritty, coarse contamination.

Designed for industrial cleaning, Parts and Assembly Cleaner has a high flash point of greater than 60°C to comply with workplace safety regulations. This cleaner is completely free of acetone, butanol and ethyl acetate.

Parts and Assembly Cleaner Spray is widely used in the automotive and transport sectors for cleaning dirty brakes, clutches and engine parts. It is also used in all kinds of other industries and workshops for cleaning oily and greasy tools, parts and surfaces.
