

Our Screen Cleaner Spray is a specialised cleaning spray designed for sensitive plastic and glass surfaces. Manufactured in Germany by Weicon, this cleaning agent is used all around the world on TVs, computers, car head decks, tough screen terminals and more.

It has been engineered to be gentle on surfaces yet very effective at cleaning them. It removes dirt, dust, grease, insect residue and marks (such as fingerprints) without leaving streak marks.

Weicon Screen Cleaner Spray is both anti-reflective and anti-static. This anti-static component helps the spray keep devices clean as it naturally repels dirt and dust.

Screen Cleaner Spray is able to be used on all kinds of monitors and screens (including TVs, computers, tough screens, mobiles, scanners and copy machines). It can also be used for the cleaning of plastic housings on equipment.

Technical Details

Property	Value
Colour	White
Scent	Almost Odourless
Shelf Life (Minimum)	24 Months
ISSA Code	53.402.21
IMPA Code	45 08 07

Processing

Screen Cleaner should only be used once appliances have been turned off and had their power disconnected. They should also be allowed time to cool off if used recently.

Shake can before use. Spray Screen Cleaner onto a soft, lint-free cloth and clean the surface with light pressure. Repeat process if necessary. Make sure that the material does not penetrate into the inner parts of electrical appliances.

Storage

Screen Cleaner Spray is supplied in a pressurised container. It should be stored in a cool, dark place and protected from direct sunlight. Do not expose to temperatures exceeding 50°C.

Available Sizes

Screen Cleaner Spray is available from Swift Supplies Online in 200ml cans.

Important

The values listed here and the information presented should not be treated as a substitute for specific technical advice. We cannot warrant the products performance or suitability for particular applications.
