

Our Spray-On Grease H1 is a special type of industrial-grade lubricating spray that has been designed to meet the demands of the food, beverage and pharmaceutical sectors.

This high-quality grease spray is manufactured by Weicon in Germany and has been certified in accordance with NSF for use in application where direct contact with food cannot be ruled out.

Spray-On Grease H1 is odourless and tasteless and provides long lasting lubrication. It works with all material types and effectively reduces friction on moving parts. It has also been designed to withstand elevated temperatures. Once applied it can handle environments between -40°C and +160°C.
