

Our Visor Cleaner Spray is a specially engineered cleaning spray used for clear plastics and glass. This cleaner effectively removes contamination caused by insects, dirt, dust and grease. It doesn't leave behind streaks nor damage the surface.

Manufactured in Germany by Weicon, this quality cleaner is fast acting and easy to use. For most surfaces, just spray on and allow it to react for 20 seconds. Wipe off with a clean cloth.

On sensitive surfaces or electrical appliances, spray Visor Cleaner onto a soft, lint-free cloth and then clean the surface with light pressure (always turn any appliance off completely first).

This specialised cleaning spray has both antistatic and antireflective properties to help improve view clarity through clean surfaces. It helps reduce dazzling and is widely used for cleaning the visors on welding masks.

Weicon Visor Cleaner Spray leaves behind no residues and is neutral to surfaces.

This cleaning spray is used in all kinds of areas around the world. Common applications include the cleaning of all kinds of visors, welding face shields, safety goggles, safety glass, plastic view panels on industrial machines (e.g. CNCs, laser cutters) and on printers, scanners and other types of clean plastic or glass.

### Technical Details

Property	Value
Colour	White
Scent	Almost Odourless
Shelf Life (Minimum)	24 Months
ISSA Code	53.402.20
IMPA Code	45 08 06

### Processing

Shake can before use. Spray Visor Cleaner onto the surface, let it work for approx. 20 seconds, then wipe it off. On sensitive surfaces or electrical appliances, spray Visor Cleaner onto a soft, lint-free cloth and clean the surface with light pressure. Repeat process if necessary. Make sure that the material does not penetrate into the inner parts of electrical appliances. Only for cleaning switched-off and cooled-off appliances (pull out mains plug).

### Storage

Visor Cleaner Spray is supplied in a pressurised container. It should be stored in a cool, dark place and protected from direct sunlight. Do not expose to temperatures exceeding 50°C.

### Available Sizes

Visor Cleaner Spray is available from Swift Supplies Online in 200ml cans.

#### Important
